

**STRATEGIC LEADERSHIP
ACADEMY 2021**

32 fellows from 18 countries.
6 placements funded by the IAEA's
Technical Cooperation Programme.

Strategic Leadership Academy 2021
was held 100% online. This two-
week course featured +40
speakers, action learning
challenges, and mentored working
group discussions.

"Two intense weeks with
experienced participants from all
over the world teaming up and
reflecting on the importance of
leadership for LTO in a nuclear
power plant. Very well-
organized and diversified
presentations."

Fawzi Issa - Director,
EDF Mumbai Liaison Office

SLA 2021 Fellows

**+40
Speakers**

Over 40 industry-leading
speakers presented to the
fellows including
representatives from:
**IAEA, EPRI, OPG,
FORATOM, EDF, INL,**
among others.

**5
Mentors**

Five expert mentors joined
for the duration of the
Academy, working
individually and in small
groups to **guide Fellows**
on their journey and
provide **support**.

**7
Leaders**

Seven invited leaders
presented at the Academy,
including senior managers,
directors, and CEOs from:
**WANO, EDF, CNSC,
Kansai, NAWAH, and
Dominion.**

At the conclusion of the course, Fellows presented
their 10-year strategic plan to an expert review
panel, comprising senior representatives from the
World Nuclear University's founding partners: the
IAEA, World Nuclear Association, World Association
of Nuclear Operators (WANO), and the OECD-NEA.
